*Mère allemande.*

Geraldine (née) RHC, née en 1904, est issue d'une famille internationale et a terminé l'enseignement moyen. Son père fut capitaine régional en Autriche, sa mère d'origine russe. Le père Geraldine est mort, après la dernière guerre la mère qui a travaillé comme médecin dans le secteur soviétique à Vienne, fut déportée en 1945 et est rentrée en Autriche seulement en 1956 (comme citoyenne autrichienne). Geraldine fut mariée en première nocce avec un autrichien, puis divorcée. Elle s'est mariée avec Serge Kuznetsov (un enfant de ce mariage). Elle a aidé son mari en liaison avec les agents soviétiques, puis elle est venue chez la police politique autrichienne et a décodé toute l'activité de son mari qui fut arrêté. Il se trouve en prison et son procès est fixé pour mai de l'été prochain. Caractéristique: c'est une femme bonne, sympathique, mais très jalouse. Elle peut faire tout ce qu'un homme le demande, si elle est sûre que son homme l'aime. Il a trahi son mari, quoiqu'il était infidèle et trompé avec elle. Au point de vue politique c'est un être absolu. Elle ne comprend absolument rien. Elle parle très mal russe, ses enfants sont avec sa mère à Vienne.

Dear Viktor!

I have just returned to Finland after a 5-week vacation. I came to work and found that a lot had not been done which should have been done during my absence; therefore I had to get busy immediately and even work about 2-3 hours overtime every day. A week has gone by since my return (I came back to work on 10 July) and, having done a few things for you, I hasten to write to you.

First of all, about Lida: I have seen her, and she is still living with her brother; she has a room there and pays them for room and board; she feels fairly well and no special signs of nervousness are noticeable at this time. At the moment her brother and his wife are away in the country somewhere, and Lida is by herself in the city apartment. She says that Zina's views, as those of many other Russians here, are pro-Soviet; she regards the Soviet government as a Russian government and says that Kh. [Khrushchev] represents a Russian national cause, that the Bolsheviks have exalted Russia, etc. Therefore, her husband, TEREKHOV, (who is definitely "white") argues with her and so does Lida; all this was told to me by Lida. The letter also told me

that she would not return to Germany; she had nothing against a divorce, but she would not like to bear the surname of Larionov in the event you should marry Astrid, and she would also like to inherit anything from you [in the event of your death] which might be due to Lyul'ka (Lyudmila). I believe that she does not quite realize that in the event of your death, even if there should be some kind of a pension, it would not be payable to Lida or Lyul'ka after the divorce; and no matter what surname you have, the money would be inherited by your present wife. Therefore, this question so far has remained open. She agrees to a monthly payment of 200 Marks by you. She said she was sorry that you had fallen into the hands of, as she calls it, the "Estonian gang" which is allegedly interested not in you, but in your money. She apparently knows Astrid; it seems Astrid visited you twice. Well, that is all I found out about Lida. If there is anything else you want me to tell her or discuss with her, please write to me and I shall try to comply with your request as far as possible.

On a separate sheet I am enclosing information about persons of interest to you.

By the way, do you happen to know a certain RASINSKIY, head of WIS intelligence, a Ukrainian? Am I spelling his name correctly? Please write me everything you know about him. Also please tell me in detail what you know about EMDD ARUPKA, and about the activities of FILIPPOV, head of SBONR. Be kind enough to write to me on these matters as soon as possible.

(for Dargyev)

How is Astrid? How is your 3d creation (?): Please give my best regards to Astrid.

After leaving Munich, I went to Lugano; it was wonderful there. Then I was in Rome, Nice, Paris, Rouen, Dieppe, and in Brussels, where MAMONOV (?) drove me around in his car; he showed me the city of Brussels and the district with bars and restaurants, where décollete prostitutes sit at the windows and wait for visitors.

It rained for the first time in Copenhagen; during the remaining period the weather was fine and sunny. Now we have rain every day, but it is warm.

Best regards to Mr. G.

I press your hand and look forward to your letter.

Sincerely yours,

K. S.
